

## **SCOPING NOTICE**

Ghana Grid Company Limited (GRIDCo) proposes to construct, operate, and maintain an approximately 26km double circuit high voltage 161kV transmission line facility to meet the industrial energy demand in the Upper East Region of Ghana. The 161kV Transmission line route is to T-off from the existing Tamale-Bolgatanga 161kV Transmission line at Bualungu in the Talensi District in the Upper East Region to a new substation near Namdini. The development is known as “**161kV Namdini Transmission Line Project**”.

The proposed undertaking would traverse close to the following communities - Bualungu, Yinduri, Santeng, Tielega, Yameriga/Wakii/Woog, Sawllaga, Shiega and Biung in the Talensi District.

Notice of the proposed transmission line project is hereby served for public information, as required under the procedures for the conduct of ESIA in accordance with Regulation 15(1) of LI. 1652. Any person(s) who have an interest, concern, or special knowledge relating to potential environmental and social effects of the proposed undertaking may contact or submit such concerns, etc., to:
