Digital Address: GK-0208-2247

3rd October 2025
For Immediate Release

TOWER RELOCATION WORKS ON THE AKOSOMBO – NKAWKAW TRANSMISSION LINE ROAD.

Tema....Ghana Grid Company LTD. (GRIDCo) the operator of the National Interconnected Transmission System (NITS) wishes to inform consumers and the public that GRIDCo will take the 161kV Akosombo-Nkawkaw Transmission Line out of service from Sunday October 5, 2025 to Tuesday October 14, 2025.

The outage is to relocate two (2) towers on the line along the Kumasi-Accra Road.

The relocation has become necessary to make way for ongoing work by the Ghana Highway Authority, to expand the Kumasi - Accra road.

We have put in arrangements to ensure that the work will not affect supply to consumers.

We have also arranged for our engineers to be on standby to quickly respond in the unlikely event of any incident during the period of work.

GRIDCo apologises for any inconvenience this may cause consumers and the public.

Note to Editors:

Ghana Grid Company LTD. (GRIDCo) was incorporated in December 2006 to carry out the economic dispatching and transmission of electricity from facilities of wholesale suppliers (Independent Power Producers [IPPs]) to bulk customers and distribution utilities in Ghana and West Africa. The Company became operational on August 1, 2008, following the transfer of the Transmission System Department and its core staff from VRA to GRIDCo. It operates the National Interconnected Transmission System (NITS). GRIDCo currently transmits electricity to thirty-one (31) Bulk Customers and Distribution Utilities from eleven (11) Wholesale Suppliers, including the Volta River Authority (VRA).
